

Fusamel™

Fertilizer Range

FUSAMEL LIQUID

All Purpose liquid formulation with tailored nutrient content for foliar application or fertigation.

Product Name	Nitrogen (N) (% w/v)	Phosphorus (P) (% w/v)	Potassium (K) (% w/v)
Fusamel Liquid 5-32-3	5	32	3
Fusamel Liquid 8-45-5	8	45	5

FUSAMEL PASTE

Innovative NPK technology enriched with high quality chelated micronutrients. Available in a unique, highly soluble paste formulation with tailored nutrient content for foliar application or fertigation.

Product Name	Nitrogen (N) (% w/w)	Phosphorus (P) (% w/w)	Potassium (K) (% w/w)	NPK (% w/w)
Fusamel Paste 9-12-29	9	12	29	15-20-48
Fusamel Paste 9-19-9	9	19	9	15-30-15
Fusamel Paste 13-13-13	13	13	13	20-20-20
Fusamel Paste 25-6-6	25	6	6	40-10-10
Fusamel Paste 3-30-18	3	30	18	5-50-30
Fusamel Paste 8-38-0	8	38	0	12-61-0

All Products contain macro and chelated micronutrients (**Fe, Zn & Mn**)

FUSAMEL POWDER

Powdered formulation with tailored nutrient and optional micronutrient content for foliar application or fertigation.

BESPOKE OPTIONS:

We are able to manufacture customized ratios, tailored to fit specific crop requirements. The Fusamel Range is available in paste, powder and liquid formulations with multiple NPK ratios.

Fusamel™ Fertilizer Range

BENEFITS:

- Highly concentrated, with low salt index
- Particularly beneficial in calcareous soils and/or hard water
- Easy to store, dilute and use
- 100% homogeneous
- Even nutrient application across the crop
- Free from chlorides and sulphates

DIRECTIONS OF USE:

The Fusamel Range can be applied to all crops including Glasshouse Crops, Vegetables, Vines, Tree Fruit & Nuts, Ornamentals, Turf and Broadacre row crops.

The optimum rate and timing will depend on the crop and local conditions. Consult a local crop advisor for ideal application rates and ratios.

Product Name	Appearance	pH	EC (mS/cm)	Density w(g/cm ³)
Fusamel Paste 13-13-13	Red Paste	3.2	1.1	1.55
Fusamel Paste 9-12-29	Red Paste	3.1	1.1	1.70
Fusamel Paste 9-19-9	Red Paste	2.9	0.81	1.60
Fusamel Paste 25-6-6	Red Paste	3.2	0.9	1.60
Fusamel Paste 8-38-0	Red Paste	2.5	0.97	1.60
Fusamel Paste 3-30-18	Red Paste	3.2	0.9	1.50
Fusamel Liquid 5-32-3	Green Liquid	1.6	0.9	1.50
Fusamel Liquid 8-45-5	Green Liquid	1.6	0.9	1.5

To order or inquire about Fusamel please contact your local retailer location or call 984 292 1977

Agri Sciences Biologicals brings new and innovative biological inputs and innovative fertilisers to the agricultural industry through our development and manufacturing expertise. To do this, we are partnering with global and regional companies who wish to develop and supply biological solutions for their customers.

Our mission is to be a globally recognized and trusted partner in agriculture by providing products of proven quality and efficacy; developed through the power of biology and natural chemistry.
