### DIRECTIONS OF USE

Fusamel™ Liquid can be applied to all crops  
including Glasshouse Crops, Vegetables, Vines,  
Tree Fruit & Nuts, ornamentals, turf, field and  
row crops.  
Half fill the sprayer with water, add Fusamel  
Liquid, add other products and remainder of  
the water. The optimum rate and timing will  
depend on the crop and local conditions.  
Consult a local crop advisor.  
Repeat as necessary.

All Purpose Liquid Fertilizer  
5-32-3

## COMPATIBILITY

It is recommended to perform a  
compatibility test with other products before  
mixing and to perform small scale crop trials  
before using the product.

## STORAGE

Keep in the original pack. Ensure packaging  
is sealed and kept in dry conditions. Do  
not expose to direct sunlight. Storage  
temperature must be between 41° and 104°F  
(5° and 40°C).

## DISPOSAL

Dispose of product and packaging in  
accordance with local law.

Information regarding the contents and  
levels of metals in this product is available on  
the internet at

<http://www.aapfc.org/metals.html>

## LIABILITY

The company limits its liability strictly to  
composition, formulation and content.  
Always read the label before use and use  
proper protection when handling the  
product. In case of mixing, contact the  
company's technical service. The user will be  
responsible for any damage caused (lack of  
effectiveness, toxicity in general, residues)  
by total or partial non-observance of the  
instructions on the label.

Information about the components of this  
lot of fertilizer may be obtained by writing to  
Agri Sciences Biologicals at Clematislaan 51,  
2241 JB, Wassenaar, Netherlands and giving  
the lot number which is found on the bottom  
of the container label.
